

High performance with simple operation

Speed, productivity and low TCO

User-friendly, eco-friendly and cost-efficient, our printers support the print needs of busy offices on a budget. You enjoy impressive print speeds, automatic duplexing, excellent paper handling and the latest security features. For larger workgroups, our space-saving designs can expand from desktop models to five-tray floor-standing powerhouses. Benefits include:

- High speed to maximise productivity
- Easy to operate
- Built-in data security
- Time-saving installation
- Lower Total Cost of Ownership (TCO)

BOOST YOUR PRODUCTIVITY

The fast CPU processor ensures our printers sprint into action. It takes 7.5 seconds to first-page print out and print is at continuous speeds of 45/50 ppm. Easy paper handling saves time and helps make office life easier. The impressive 650 sheet paper capacity can also be expanded to 2850 maximum capacity to enhance productivity even further.

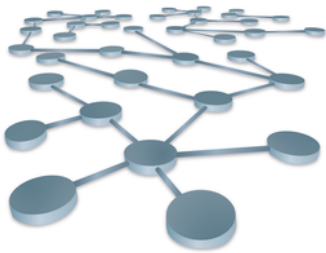

CREATE SPACE AND REDUCE EFFORT

Our printers can expand from a desktop to a high-capacity floor standing model to maximise valuable workspace in a small office. Set-up and operation are simple and straightforward. The devices automatically detect paper size and handle paper weights from 52g/m² up to 220g/m². The bright 4-line LCD panels clearly display information, including toner status, for ease of use.

PROTECT CONFIDENTIAL DATA

A full suite of standard and optional security tools keep your data safe. Enhanced Lock Print prevents hard copies from printing until a PIN is entered. Printer use can also be restricted to approved groups or individuals. ID card solution and one-swipe Card Authentication package safeguard confidential data. In addition, watermarks can be embedded in the media to prevent unauthorised copying.

MAKE THE BEST CONNECTIONS

Both our devices provide easy connection to your network with simple, time-saving driver installation. Full @Remote provides real-time remote support for performance monitoring and diagnosis management to boost efficiency. While our genuine IPDS™ streamlines your print workflow for smooth document handling and low management costs.

REDUCE YOUR COSTS

Our printers are designed to minimise TCO. Easy to operate and maintain, their high duty cycle puts them at your service whenever you need them. Duplex printing is automatic, saving paper. You can also control print volumes to prevent over-use and save on cost.

PROTECT THE ENVIRONMENT

Sustainability is a strong part of our heritage, touching every part of our company, from manufacturing to distribution, business sites to recycling. Maximising efficiency is a firm commitment, and our printers are both Energy Star and BAM compliant. Duplex printing, quota management, AIO toners and low power consumption also help to save energy and expense.

SP 5200DN/SP 5210DN Aficio™

GENERAL

Technology:	Laser beam scanning & electrophotographic printing, All-In-One Print Cartridge Technology
Continuous print speed:	45/50 prints per minute
Warm-up time:	20/29 seconds or less
First print speed:	7.5 seconds or less
Dimensions (W x D x H):	411 x 435 x 400 mm
Weight:	Less than 23 kg
Power source:	220 - 240 V, 50 - 60 Hz
Power consumption:	Maximum: 1,400 W or less Energy saver mode: 5 W or less
Duty cycle:	200,000 pages per month

CONTROLLER

Processor:	533 MHz
Printer language/resolution:	PCL5e/6, Adobe PostScript 3, PDF, IPDS (Option) Up to 1,200 x 600 dpi (1bit)
Memory:	Standard: 256/768 MB Maximum: 768 MB
Drivers:	PCL5e/6 PostScript3: Windows XP/Vista/7 Server 2003/2008 Mac OS 8.6 or later Mac OSX IPDS (genuine)
Fonts:	PCL: 45 fonts + 13 International fonts PostScript3: 136 fonts IPDS: 108 fonts (Option)

CONNECTIVITY

Network protocol:	TCP/IP (IPv4, IPv6), IPX/SPX, Apple Talk, Bonjour
Supported environments:	Windows XP/ Vista/Server 2003/2008 (32 bit, 64 bit)/7, Macintosh OS (v 8.6 or later), Novell Netware (v 6.5 or later), Unix (using Ricoh Unix filter)
Interface:	USB 2.0 (Type A & B) Ethernet (100BASE-TX/10BASE-T)

SOFTWARE SOLUTIONS

Standard:	DeskTopBinder™, SmartDeviceMonitor™ for Client, Font Manager 2000, Web Image Monitor, Printer utility for Macintosh
Option:	SmartDeviceMonitor™ for Admin Accounting Report Package, Remote Communication Gate S Pro

PAPER HANDLING

Paper input capacity:	Standard: 1 x 550-sheet paper tray 100-sheet multi-bypass tray Maximum: 2,850 sheets
Paper output capacity:	500 sheets
Paper size:	A6 - A4
Paper weight:	Standard tray: 52 - 220 g/m ² Bypass tray: 52 - 220 g/m ² Duplex tray: 60 - 163 g/m ²
Media:	Standard tray/optional tray: Plain paper, Recycled paper, Middle thick paper, Thick paper 1, Thick paper 2, Thick paper 3, Thin paper, Letterhead, Labels, Preprinted paper, Special paper 1, Special paper 2, Special paper 3, Colour paper Bypass tray: Plain paper, Middle thick, Thick paper 1, Thick paper 2, Thick paper 3, Thin paper, Letterhead, Label paper, Special paper 1, Special paper 2, Special paper 3, Preprinted paper, Colour paper, Recycled paper, OHP (Transparency), Envelope

CONSUMABLES

Toner:	Black: 25,000 sheets
--------	----------------------

The SP 5200DN/SP 5210DN are shipped with starter kits.

OPTIONS

Internal options:	256 MB Memory (SP 5200DN), 512 MB Memory (SP 5200DN), Hard Disk Drive (SP 5200DN), VM Card (SP 5200DN), Netware, IPDS unit, Gigabit Ethernet Board, IEEE802.11a/g
External options:	Paper feed unit (TK1120), Paper feed unit (TK1130), Low Cabinet, Medium Cabinet, High Cabinet
